It was max, the king of facts
 He made me steal for your number
 I promised not to tell on him
 But you know me, I'm a sucker

Always tried to lie to you
 The truth is that I love you
 I need you more than anything
 Without you I discover, I'm a maniac and a menace
 Headin' for destruction

Your lips, I miss your tears, your hips, your piss, your blood
 The way you function
 Maybe I should thank some god for your amazing fluid conduction
 Your kiss, I miss your tears, your fingertips, my satisfaction
 I swear that I could thank some god for your amazing fluid conduction
